3. THE 4 HIGH-DEMAND AI GIG ARCHETYPES (HOW TO STAND OUT)

- 1. AI Customer Support Specialist (Zendesk / Intercom / AI Agents):**
- The Work: Supervise AI support bots, handle escalated edge cases with empathy, and refine automated macro responses for global SaaS companies.
 - Essential Skills: Excellent written English, rapid resolution velocity, Zendesk/Intercom tagging, and customer de-escalation.
- 2. RLHF Prompt Tester & Output Evaluator:**
- The Work: Provide two AI responses to a given prompt, rank which answer is superior (Accuracy, Clarity, Factuality), and write brief rationales explaining why.
 - Essential Skills: Attention to detail, spotting AI hallucinations, and evaluating logic consistency.
- 3. Human-in-the-Loop AI Operations (AI Ops):**
- The Work: Execute operational workflows where AI handles data extraction and human operators verify outputs in Airtable, Notion, and Google Sheets.
 - Essential Skills: High spreadsheet literacy, basic Zapier/Make understanding, and reliable turn-around speed.

⚡ INSTANT REAL-TIME EARNING POTENTIAL FROM INDIA:

- **Part-Time (15 hours/week @ \$22/hr):** \$330 USD/week = ~₹1.15 Lakhs / month.
- **Full-Time Gigs (35 hours/week @ \$28/hr):** \$980 USD/week = ~₹3.40 Lakhs / month paid directly in USD with zero domestic TDS friction!

4. HOW AGENT APPLY AUTOMATES YOUR APPLICATIONS (STEALTH & IN-CONTROL)

- **Profile Vault** (`./data/project_agent_apply/config/profile_vault.json`): Stores your pre-vetted customer handling philosophy, AI testing background, and PayPal/Wise payout accounts locally.
- **Stealth Form Filler:** Automatically fills assessment applications on Outlier, Alignerr, ModSquad, and Greenhouse with human typing delays (50–130ms).
- **Pre-Flight User Gate:** Reviews every submission on CLI or Telegram before sending, guaranteeing zero unauthorized submissions.
